

Bowflex® Treadclimber® TC 5000 / TC 3000

The new Bowflex® Tread Climber® generation combines tree workouts in one – walking at an incline and stepping motion of an elliptical. This yields a superior workout with twice the results.

Bowflex® Treadclimber® TC 5000

Order# 1280215E / UPC# N/A

The TC5000 represents the ultimate in Bowflex® technology for fast and easy weight loss. Fully integrated electronics, including a wireless heart rate monitor, enable you to monitor every vital aspect of your workout - and achieve maximum results. For calorie-burning effectiveness, no other piece of exercise equipment comes close to the TC5000.

TC 5000 key features:

- Reduce your exercise time with a super-efficient, low-impact workout
- Integrated Wireless Heart Rate Monitor (POLAR®) provides wireless feedback to help you stay within your optimal fat-burning zone - a TC5000 exclusive
- 12 intensity settings make it easy to tailor your workout specifically to your fitness and comfort level - from beginner to elite athlete
- Speed adjusts from 1.1 to 6.4 km/H - from a casual stroll up to power-walking
- 8 state-of-the-art electronic functions monitor every aspect of your workout, including Speed, Time, Distance, Calories Burned, Calories-Per-Minute and Total Steps
- Climb Indicator displays every 100-feet (33 m) of elevation gain - a motivating feature found only on the TC5000
- Calorie-burn calculations are based on body weight and intensity inputs - in addition to distance and speed - for greater accuracy
- Powerful commercial-grade motor for years of trouble-free use (backed by a 5-Year Warranty)
- Large footboards alongside tread-belts make starting or stopping exercise safe & easy
- 6 bright, easy-to-see LED readouts allow operation in any lighting

Bowflex® Treadclimber® TC 3000

The TC3000 offers an impressive array of electronics and features at a great, mid-level value. It also incorporates the same workout speeds and ergonomic console design as our top-of-the-line TreadClimber® - all at an attractive price. For fast weight loss with guaranteed results, the TC3000 is hard to beat.
